PERSONAL PROJECTS

Skill Progress Dashboard (09/2025 - 11/2025)

- The *Skill Progress Dashboard* helps users track, analyze, and visualize their learning progress across different skills. It provides real-time insights, progress charts, and personalized analytics to make skill development structured and goal-oriented.
- GitHub Repository - <https://github.com/sahilrajdubey/skillprogressdashboard>

Mental Health Care WebApp (ChatBot) (07/2025 - 08/2025)

- The *Mental Health Care WebApp* provides a safe and supportive platform for users to track their mood, access self-care resources, and connect with mental health support. It aims to promote emotional well-being through personalized insights and a user-friendly experience.
